

→
SILK AMBER

A vertical strip of paper with a warm, golden-brown or amber hue. The surface has a subtle, organic texture with slight variations in tone and some faint creases.

→
SILK CHROME

A vertical strip of paper with a light, silvery-grey or chrome-like color. The texture is slightly more pronounced than the first swatch, with some visible grain and subtle variations in the metallic-looking tone.

→
SILK MINK

A vertical strip of paper with a dark, muted brown or mink color. The texture is visible, showing some creases and a slightly uneven, natural-looking finish.

→
SILK STONE

A vertical strip of paper with a dark grey or charcoal color. The texture is quite visible, with some creases and a slightly uneven, stone-like appearance.

→
SILK TAUPE

A vertical strip of paper with a light, warm taupe or beige color. The texture is visible, showing some creases and a slightly uneven, natural-looking finish.
